2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Paul L. Cato Middle School opened its doors in August 2014 with 678 students in grades 6 - 8.

Paul L. Cato Middle School is:

- A school where strong partnerships exist between home, school, and the community.
- A school where the latest educational technology is used to enhance and create new learning opportunities for students.
- A school where high-quality, committed professionals lead students with innovative educational practices.
- A school that is dedicated to high expectations for all students and staff.
- A school that is committed to creating a warm, caring, and positive learning environment.
- A school where collaboration occurs between and among teachers, students, and parents.
- A school where achievements and academic excellence are celebrated.

We have three main goals at Paul L. Cato Middle School: To build relationships in a positive school environment, to hold high expectations for students and staff, and to accelerate high levels of student learning. In order to reach our goals, school structures and ongoing professional development will be developed for the following:

Professional Learning Communities
Visible Learning instructional strategies and content
School-wide Positive Behavior Support and Intervention
Response to Intervention and Instruction
Good First Instruction
Parent Engagement and Community Involvement

School Vision

Our vision at Paul L. Cato Middle School is to empower 21st-century learners to be socially, emotionally, and academically prepared to fulfill their unique potential.

2023-24 School Description and Mission Statement

School Mission

Paul L. Cato Middle School's mission is to educate all students at the highest levels of social and academic excellence through collaboration, creativity, and critical thinking.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Cato School was built in 2013. It sits on 25.00 acres, of which 13.36 acres is playground. This school has 41 classrooms, a multi-purpose facility, music room, library/media center, staff lounge, IMC room, PE rooms, and computer labs.

The custodial staff adheres to a weekly cleaning schedule that includes classrooms, restrooms, cafeteria and kitchen areas.

The District's Mobile Maintenance Team visits the school site at least twice a year. Maintenance emergencies are addressed immediately. District personnel maintain the grounds at least once every two weeks.

This site also is maintained to ensure a clean, safe, and functional facility as determined pursuant to a Facility Inspection Tool developed by the State of California Office of Public School Construction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

There are multiple ways for parents to be involved at Paul L. Cato Middle School. Parental involvement is key to the success of our students. Parents may participate in school improvement through attendance at our annual Back-To-School night each fall, parent conferences, Cato Booster Club, annual fundraisers, School Site Council, School & Bilingual Advisory Committees, parent monitoring opportunities, parent education meetings, field trips, and classroom activities. We also have a very strong Parents as Leaders program in which we encourage parents to join and make informed decisions about things that happen at the school site as well as involve themselves in activities taking place at the school site. Parents are encouraged to visit and volunteer in their child's classroom as much as possible. Notices of important meetings and constant updates are sent through Parent Square and our automated phone dialer is used to deliver messages and reminders of important events and information throughout the year. The school's digital marquee is updated regularly to inform students and parents of upcoming events and opportunities for parents to get involved. Parents can call our school office at (661) 631-5245 to access information concerning participation opportunities.

2023-24 School Safety Plan

Cato established its Comprehensive School Safety Plan in 1998. A law enforcement officer specializing in safety provided direction in the establishment of the School Safety Plan. Cato's School Safety Plan is current and is updated annually. Key elements of Cato's School Safety Plan include the following: (a) routine and emergency disaster procedures; (b) suspension, and expulsion procedures; (c) teacher notification of pupils with a specific discipline history; (d) child abuse reporting procedures, (e) the district's sexual harassment policy; (f) school crime data; (g) the student dress code; (h) safe entrance and exit procedures; (i) the civil defense and disaster plan; and (j) discipline rules and procedures. Our overall goal is to maintain a safe and orderly school environment conducive to learning. SSC approval took place on February 21, 2023. The staff review took place on March 1, 2023, during one of our monthly staff meetings.

Professional Development

Professional development is designed to provide continuous learning opportunities for administrators, teachers, and classified personnel. Training opportunities affirm the basic philosophy of education that learning is a lifelong process that contributes to the well-being of the students, teachers, administrators, and community. Professional Development is an essential component of effective instruction and student learning.

All training revolves around identified needs of students and adults for the purpose of the improvement of instruction and increasing content knowledge. Central to all training are student achievement data, district focus areas, the Common Core State Standards, the state adopted standards-based instructional materials, and strategies to effectively teach the academic content standards to all students.

During the 2022-2023 school year, district professional development focused on supporting good first instruction and the use of core instructional materials in all content areas. In preparation of the school year, teachers were offered three full days of professional development sponsored by the district and additional dates at the school sites. Regularly scheduled follow ups and extensions to summer learning were provided throughout the school year. Topics addressed the use of core curriculum to support the Next Generation Science Standards, Foundational Reading Skills, Reading Comprehension, Using Manipulatives, Literature and Problem Solving in Mathematics, Project Based Learning and incorporating technology.

Additional support was provided by academic coaches and district specialists for reading/language arts, mathematics, science, writing and social emotional learning. The district provided time and resources for collaboration, planning, and professional development. Additionally, professional development on Multi-Tiered Systems of Support and Support to school and district teams.

Teachers new to the District received four days of professional development prior to the beginning of the school year focused on orientation to District and school site policies and services, Common Core State Standards, classroom management, curriculum and pacing, using technology and setting up the classroom. Teachers in their second year with the District received two days of professional development prior to the beginning of the school year provided by the school site and focused on improving best practices.

New teachers with California preliminary credentials received professional development through the Bakersfield City School District (BCSD) Teacher Induction Program (TIP). The focus of BCSD TIP is being mentored by an experienced teacher, growing in the California Standards for the Teaching Profession (CSTP) and meeting the California Induction standards. The culmination of TIP is the recommendation for the CA Clear Credential. Each TIP teacher was assigned a veteran teacher who served as a mentor. The mentors received on-going professional development in coaching/mentoring strategies, instructional strategies, and guiding cycles of inquiry. Professional development was provided through individual mentoring, monthly meetings, and after-school workshops.

Professional Development

Intern teachers received professional development at monthly meetings focusing on the initial teaching skills of the CSTP including classroom management, lesson planning, assessment, and establishing a climate that is conducive to student achievement. Each Intern was assigned a mentor that provided day-to-day support in these areas as well as advisement toward meeting credential requirements. Mentors received monthly professional development in meeting the needs of Intern teachers. Interns also received coursework and supervision from universities partnered with BCSD to provide the Intern Program.

Teachers on Short Term Staffing Permits (STSPs) were provided mentors and monthly trainings on beginning pedagogy and best teaching practices. Each teacher on a STSP designed a plan to meet requirements to move to a CA Intern or Preliminary Credential. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.

Teachers on Provisional Intern Permits (PIPs) were provided a weekly cohort meeting focused on beginning pedagogy. Two cohort meetings occurred weekly to allow teachers on a PIP to work around university course schedules. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.
